

Christmas at *Villa Antonio Winery!*

What fun we had learning the technique for preparing Italian Anise Cialde (Pizzelle) using Mrs. Fernanda Polesel's Pizzelle iron on the gas stove! Under Mrs. Polesel's guidance we also learned the proper dough consistency for making mouthwatering Biscotti. We tested the dough during each stage of baking so that we would know when the dough was ready for the next step. And, of course we sampled some wonderful wine! Thank you to Mrs. Polesel and her staff for allowing us to work right in the *Winery's* kitchen!
