**Knife Class Makes Everyone Serious Cut-Ups!
Clark Stone - Representative for Wusthof Cutlery**

We were pleased to have Clark Stone, long time Wusthof cutlery representative, conduct a hands-on knife skills class on Thursday, March 29th! Our new buzz word is “pinch grip” – part of the correct technique to “run your knife through” the parsley and basil, as Rachel Ray would say.

Additionally, we learned the value of a properly sharpened knife and that we should only use Wusthof steels to sharpen our Wusthof knives because each brand of steel is composed of distinct material directly complimenting its brand of knife. As an alternative to the steel, we also learned how to easily use the Wusthof two-stage knife sharpener.

Clark also introduced us to our new favorite knife, the 10 inch Super Slicer! This is a versatile scalloped or wavy edged knife that can be sharpened using the finishing section of the two-stage sharpener.

Finally, Clark recommended the Epicurean cutting boards because they are gentle to knives yet their wood composite construction allows them to go into the dishwasher! Thank you, Clark, for proving that even seasoned cooks need pointers once in a while!
